As is known to Headquarters, this Station already has excellent contacts in Gobernacion at all levels; Chief of Station knows the Chief of the Metropolitan Police well and two of his principal assistants; and Chief of Station knows the Attorney General for the Federal District and his principal aides. The Station has at present have good contacts with the Acting Attorney General for the Republic, but these could be developed if needed and very rapidly.

Too, changes will very likely be made in all these ministries and agencies in December 1964 - as soon as Lic. Gustavo DIAZ Ordaz becomes President of Mexico - and the incoming President is a close personal friend of Chief of Station, so that contacts with any needed or desirable group can be easily established after 1 December 1964.

b. Chief of Station, therefore, recommends that Subject be advised that:

a. KUBARK appreciates very much his offer to become a part of the Mexican effort - but that his price is far too expensive for KUBARK.

b. Should he get a commercial job in Mexico or any other foreign area where KUBARK has jurisdiction, KUBARK would like to consider him as a contract - but at a much lower rate of pay than he is requesting.

c. ODEIVY would need to be advised of his employment by KUBARK in any capacity in Mexico which would entail contacts with the four groups he has listed, because ODEIVY would certainly learn of his continued relations with those groups.

d. An early reply would be appreciated so that Subject will know well in advance of KUBARK's intentions regarding Subject.
